INTERNATIONAL SEARCH REPORT

(PCT Article 18 and Rules 43 and 44)

Applicant's or agent's file reference E42 P48PCT	FOR FURTHER ACTION		Fransmittal of International Search Report (0) as well as, where applicable, item 5 below.						
International application No.	International filing da	te (day month year)	(Earliest) Priority Date (day month year)						
PCT/SE 02/01209	20 June 2002		5 July 2001						
Applicant		5 113.111							
Telefonaktiebolaget LM Ericsson (publ) et al									
This international search report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau.									
This international search report consists of a total of sheets.									
It is also accompanied by a copy of each prior art document cited in this report.									
1. Basis of the report									
a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item.									
the international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)).									
b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international search was carried out on the basis of the sequence listing:									
contained in the international application in written form.									
filed together with the international application in computer readable form.									
furnished subsequently to this Authority in written form.									
furnished subsequently to this Authority in computer readable form.									
the statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished.									
the statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished.									
2. Certain claims were found unsearchable (See Box I).									
3. Unity of invention is lacking	ng (See Box II).								
4. With regard to the title,									
x the text is approved as su	bmitted by the applican	t.							
the text has been establish	ned by this Authority to	read as follows:							
·									
5. With regard to the abstract,									
X the text is approved as sul	bmitted by the applican	t.							
the text has been establish	ed, according to Rule 3 month from the date of	88.2(b), by this Auth	nority as it appears in Box III. The ernational search report, submit						
6. The figure of the drawings to be p	ublished with the abstra	ct is Figure No	2						
x as suggested by the applic			None of the figures.						
because the applicant fails	ed to suggest a figure.								
because this figure better	characterizes the inventi	on.	<u> </u>
